

Kirloskar Brothers Ltd celebrates 5 decades of Manufacturing Excellence at Dewas

Dewas

Kirloskar Brothers Limited (KBL), a leading global fluid management company, celebrated the Golden Jubilee of its Dewas Plant in Madhya Pradesh on Saturday. Established in 1962, the plant accurately reflects KBL's Research and Development (R&D) capabilities and its commitment to Corporate Social Responsibility (CSR).

Spread across 72 Acres of land with a capacity of 4,50,000 pumps P A, the Dewas Facility manufactures various types of pumps such as surface pumps, mono bloc pumps, jet pumps, open well pumps, DB pumps and vacuum pumps. The products churned out at the plant have tripled the revenues decade-on-decade.

The progressive journey of Dewas plant - 1962 to 2013

Sanjay Kirloskar, Jayant Sapre and Subodh Shrivastava interacting with the media on Saturday.

Sanjay Kirloskar, Chairman and Managing Director of Kirloskar Brothers said, "Firstly, I would like to

thank each and every employee and all the stakeholders who have contributed to the success story of the De-

was plant. The Dewas facility has been a role model for implementing several notable initiatives over the past 50 years; in R&D, CSR and Technology segments. The plant has made significant contributions to some of our key projects like SMS, JIT, MOST, and TPS. And our vision is to expand the production to 6,00,000 pumps P A, and double the turnover in next 5 years."

Jayant Sapre, Executive Director, KBL said, "Since my first visit to the plant in 2003 - 2004, I have been pleased by the advancements made at Dewas. Several innovative marketing initiatives have been implemented such as REACH, SMDS setting a benchmark for our other facilities, aiding the plant to go beyond what it set to achieve.
