

Enriching Lives

## KBL Powers Payli WSS Project with High-Performance Pumps

KBL has once again demonstrated its engineering excellence with the successful commissioning of five Vertical Turbine (VT) pumps and three Horizontal Split Case (HSC) pumps for the Payli Water Supply Scheme (WSS) in Jabalpur, Madhya Pradesh.

This project, executed for the Madhya Pradesh Jal Nigam Board will ensure reliable water distribution to

thousands of residents in the region. KBL's advanced pumping solutions are known for their high efficiency, durability and ability to perform under challenging conditions.

With yet another milestone achieved, KBL continues its mission of empowering communities with innovative and sustainable fluid management solutions.
